

## POSTVENTION PROGRAM

# BEING PREPARED TO ACT IN THE EVENT OF A SUICIDE

A program designed for the administrators of institutions and organizations that offer postvention services in the event of a suicide in various settings (schools, workplaces, group homes, or communities) and who wish to be prepared, act appropriately, and limit the impacts of a suicide.

- Reduce the risk of a ripple effect in the community
- Alleviate individual suffering
- Foster the sense of security in the community
- Strengthen individuals' ability to cope with adversity
- Promote a return to normality for the affected community
